

Cookie Works

Congratulations! The 2008 cookie sale will be the introduction of Cookie Works, a web based program that will allow troops (troop leaders/cookie moms and dads) to easily enter their cookie and incentive orders via the Internet. And you will be a part of the experience!

- Each troop (troop leaders/cookie moms and dads) will need to identify a computer with Internet connection that they can use for Cookie Works at specific times during the sale. Consider personal computers, neighbors, local libraries, etc.
- A computer at the Resource Center will be available from January 29 – 31 and March 12 – 14 during the hours of 9 am to 5 pm for troops that do not have a computer accessible to them.
- Instructions on how to log onto Cookie Works and enter your troop's information will be covered at your service unit cookie training. Make sure you attend and take notes!
- Each troop will also receive a Cookie Works instruction guide.
- Each troop will be asked to complete all "normal" cookie paperwork AND enter that information into Cookie Works. Paperwork will still need to be turned into service units, as this will serve as a back up record of your troop's sales and incentive earnings.
- Deadlines are important! You must enter your troop's information into Cookie Works before the noted deadline or you will be locked out (causing chaos for you and your service unit product manager).
- For Cookie Works assistance, please refer to page 2, for Council contacts and your service unit product manager.
